Institutions of Government

Congress

- **Constituents** = the group of people being represented by a Congressperson
- Office Requirements
 - House of Reps
 - * At least 25 years old
 - * Citizen for at least 7 years
 - Senate
 - * At least 30 years old
 - * Citizen for at least 9 years
- Election cycles
 - House of Reps
 - * Popularly elected every two years
 - Senate
 - * Initially, elected by state legislatures every 6 years
 - Due to 17th Amendment, senators are now popularly elected

Districts

- For the assignment of representatives, **districts** are drawn
 - **District** = a section of the state in question
 - The candidate with the plurality in that district wins the seat
 - If a state has x representatives, they draw x districts
- **Redistricting** = the process of state legislatures re-drawing district boundaries
 - Meant to be a mechanism through which the electoral process keeps up to date with a changing population
 - Happens when a new census is done
 - Results in **Gerrymandering** = the drawing of districts to benefit one party
 - * Cram as many of the opposing party into a few, concentrated districts
 - * Let the rest of the districts be a narrow but predictable victory for your party

Incumbency

- **Incumbency** = the state of seeking re-election
- After cold war, there is a large increase in “career politicians”
 - People are seeking stability and level-headedness
- Advantage in advertising and visibility
- **Franking Privileges** = ability to use existing infrastructure to communicate with constituents at no cost
 - Primarily mail system = they can send postage for free
 - * FREE ADVERTISING
- **Gerrymandering** = technically illegal, but is still done
 - As a result, only about 25% of seats were *truly* competitive
- **Credit Claiming**
 - **Casework** = individual help provided to constituents
 - **Pork Barrel** = projects or grants that specifically benefit certain districts/states
 - * Tangible things: roads, bridges, highways, hospitals, schools, etc
 - **Earmark** = extra provisions baked into a bill that benefit a certain group of constituents
 - * Like the “add your pork” instruction on the Mock bill assignment
 - * Less tangible
- **Position Taking** = the act of portraying one’s self as hardworking, principled individuals
 - Can be easier to back up if you have a good voting record
- Much of the time, opponents to incumbents are poorly funded and disorganized in comparison
- *Why do incumbents ever lose?*
 - Scandals
 - Gerrymandering puts them at a disadvantage
 - Anti-government sentiment

How Congress is Organized to Make Policy

- The Great Compromise

- Established a **bicameral legislature**
 - * Composed of *two* houses
 - Senate
 - House of Representatives
- Federalist Paper 51
 - * “in order to control the legislative authority, you must divide it”
- House of Representatives
 - 435 members = assigned to each state based on population
 - * Each state gets 1 to start with, even if they don’t have that much population
 - 2-year terms in office
 - * Constantly re-elected
 - * Makes the House the institution of government closest to the people
 - Responsible for all spending/taxing bills = **power**
 - Debate time is limited == **rule**
 - * This is because there are 435 PEOPLE
 - General role = regulate spending
- Senate
 - 100 members
 - * Each state gets 2 members
 - Is responsible for federal appointments and foreign affairs = **power**
 - Debate time is not limited = **rule**
 - * **Filibuster** = senator can stand and argue for a bill for as long as they want
 - General role = overseeing the government and foreign affairs

Powers

- Legislative Powers
 - **Expressed Powers**
 - * Also known as **enumerated powers**

 - Also called **Elastic Clause**
- Non-Legislative Powers

 - * Decide president if majority of electors is not reached
 - * Initiate impeachment process
 - Senate
 - * Try impeached officials
 - * Verifying treaties
 - Both
 - * Amendment passing
